Signing up for a free tier account with AWS

The best way to think of the free tier account with AWS. as a stepping-stone. It's a way to get your feet wet with the basic mechanisms of AWS and EC2; to understand Amazon's way of handling virtual machine instances, storage, data, and networking; and to create something that can eventually be hosted on a full-blown, for-pay AWS instance.

Following are the steps involved in creating a free tier account:

1. Sign up for AWS account by going to <https://aws.amazon.com/>
2. Click on **"Create a Free Account"** button.

3. Enter your e-mail address. Click on the radio button "I am a new user." Then click on **"Sign in using our secure server"**.

Sign In or Create an AWS Account

What is your email (phone for mobile accounts)?

E-mail or mobile number:

☒ I am a new user.

☐ I am a returning user and my password is:

[Sign in using our secure server](#)

[Forgot your password?](#)

Learn more about [AWS Identity and Access Management](#) and [AWS Multi-Factor Authentication](#), features that provide additional security for your AWS Account. View full [AWS Free Usage Tier](#) offer terms.

AWS Accounts Include 12 Months of Free Tier Access

Including use of Amazon EC2, Amazon S3, and Amazon RDS

Visit aws.amazon.com/free for full offer terms

4. Enter your Login details and click **"Create Account"**.

Login Credentials
